Dear Steve,

Many thanks for your recent help in obtaining a Pure holder for my old Hoffer amp.

Most people / businesses would not take the time or go to the trouble to help someone to this extreme.

I'm in business as well (commercial construction) and depend on repeat business to help stay in business. I think we share similar ideals. I will be back to your store for my next systems.   
 kindest personal regards,  
Lee Cowper
